The best way to reach me for planting, weeding, watering or at harvest time is: _____

- All members of the Community Garden are expected to help with the planting, tending, weeding and harvesting of the produce, as they are able.
- Each household will take responsibility for the garden for one week during the growing season. During this week they will ensure that:
 - ❖ the garden is watered,
 - ❖ that the group is notified if food is ready to harvest,
 - ❖ or if there are pests or other issues that need to be addressed.
 - ❖ A sign-up sheet will be available at upcoming Garden Days (Wednesdays and Saturdays)
- Household membership dues are \$20, which will be used for seeds, water and other supplies. *If you are unable to pay this fee please speak with Pastor Deborah, NL First UMC, scholarships are available.*
- We agree that a portion of the produce will be shared with those in need in our community through the NL Community Food Pantry. Produce is not for sale.

One of the goals of the community garden is to share gardening skills.
