Selected Scriptures

It appears that the army of the north first comes against Jerusalem.

And God is the one who will bring them against Israel.

For these things to happen Israel must be in the land, dwelling safely in unwalled villages, and experiencing prosperity.

But now, God says, “I am going to _____ this army.”

You know that they’re going to be burning their weapons actually on into the _____?

It will take them seven months just to get rid of the bodies.

Now the Antichrist grows even bolder.

Everybody’s got to worship him and his image.

Now the plagues begin.

The people start screaming for the rocks and the mountains to fall on them.

But now another army moves against him, the army of the south.

This appears to be _____ and the Arab states.

And again, _____ joins the battle.

This begins the final phase of Armageddon.

There's going to be an attack from the north and south on the land and there's going to be an attack from the Mediterranean Sea.

I think the "he" in Daniel 11:40 is the antichrist.
