February was not much better than January for us at Grace. Inez Chancery spent five days in Jay Hospital with low sodium. On February 9 Brother Leonard was taken to ER at Baptist Hospital in Pensacola. It was determined that he has A-fib. He was in the hospital for a couple of days. Brother David Green was also back in the hospital in February. They are all home and doing much better. God does answer prayers and for that we are thankful.

We didn't have fellowship again in February due to so much sickness. We pray that March will be a much better month. Pray for all our members that our health will be better and that we can do more work for the Lord.

Hello from SLMBC

February was an outstanding month!

We celebrated our Homecoming service on the final Sunday and had great food and special music. We have seen our attendance go up and down during February. This has been due to many of our congregation dealing with health issues. Please pray that the Lord will heal their bodies if it be His will. We are averaging about 32 views on our YouTube page each week. Please continue to pray for this part of our ministry. Our goal is to reach as many people as possible for Christ.

Please pray for our church as we are praying for you!

Bro Tim Beasley
