

For God's provision for 4 water hand pumps in two villages in Sindh, Pakistan. Believers in these villages have no water. People in these villages must walk over 2 miles to get water to drink and other needs. Please pray for God's provision for the water in these villages.

For the medical needs of a widow that was attacked with acid for her Christian faith. She suffered severe damage to her body, including her face. Please pray for God's provision for all the doctor's fees, surgeries and medicine.

We continue to share the gospel in many of the areas that have never heard about Jesus Christ. Thank you for making this ministry possible. We won't be able to reach many of these areas without your help. Thank you for your love and burden for the ministries of the gospel in Muslim, Hindu, and Buddhist Asia. May God bless you.

In Christ,
Barnabas Amber
