

# THE WAY

A JOURNEY THROUGH ACTS

## Week 9 - Acts 4:32-5:11

**Read Acts 4:32-5:11 as a group. What do you notice about how God worked in the early church?**

**What practices marked the early church community in Acts 4:32-37? Which of those practices stands out to you the most?**

**Why do you think generosity was such an important expression of the gospel in the early church?**

**The sermon emphasized that “God’s vision for radical community requires radical honesty.”  
Why do you think honesty and confession are essential for genuine Christian community?**

**The early church viewed their possessions as gifts from God rather than personal ownership.  
How might that perspective change the way we use our time, money, abilities or resources?**

**What are some ways comfort, convenience, or self-interest can become obstacles to generosity?**

**Take time to pray with one another, and specifically ask that God would form your group into people who increasingly reflect the character of Jesus.**
