

NO GREATER LOVE

CLW | Megan Knipe | Liezel Marshall | Bruce Wallace | Frits de Groot

Verse 1

Jesus You were broken for our sin
Poured out as a perfect offering
You took all of our shame upon Yourself
By Your bleeding wounds this sinner has been saved

Chorus 1

What kind of love is this
That chose to take my place
With every drop of blood
My debt was fully paid

Verse 2

A crown of thorns could never dim Your light
In glory You rose from the darkest night
Seated at the Father's right hand now
You alone are worthy of my highest praise
You alone are worthy of my highest praise

Chorus 2

No greater love than this
That chose to take my place
With every drop of blood
My debt was fully paid
Now I'm reconciled with Father God
Forever in His grace
No greater love than this
No greater love than this

Bridge

There is power in the blood
There is power in the blood
There is power in the blood
The blood of Jesus
