While summer is a quieter season for students, LifeWise teams across the country have been hard at work to prepare for what's ahead. Nearly 1,200 staff members gathered at LifeWise Summit 2026 for learning, encouragement, and preparation for the coming school year.

LifeWise is also celebrating exciting growth in North Carolina. A new state law now allows public school students across the state access to LifeWise Bible education during school hours. More than 900 students are already enrolled, five new communities plan to launch this fall, and over 30 additional communities are exploring future programs. Let's praise God for these open doors and the faithful partnerships making this ministry possible.

Friendship Bible Study | Beginning September!

The study group will embark on a fascinating journey into the biblical truth about angels through Dr. David Jeremiah's book, *Angels*. Join us as we separate myth from truth and discover what God's Word reveals about the role and ministry of angels. Meeting time and location details will be announced soon.
