Quarantones Bring Sea Shanty Concert to Qualicum Beach

The **QUARANTONES** will perform a concert of SEA SHANTIES at St. Mark's Anglican Church in Qualicum Beach (138 Hoylake Rd. @ Memorial Ave.), on Saturday, September 19, beginning at 2:30PM. This concert is in support of the St. Mark's Centennial Windows project, a project that will install four new stained glass windows designed by Qualicum First Nation artist Jesse Recalma in the hundred-year-old church building.

The concert will feature an audience participation singalong, and tickets are \$20 (under 12, \$10), available at the St Mark's church office at Memorial Avenue and Hoylake Rd., open Tuesday to Thursday from 9:00 AM - 1:0 PM, and at the door.

QUARANTONES, an auditioned male choir from the Comox Valley formed in 2021 during the pandemic, has become known for its variety of programming, rich resonance, and beautiful harmonies. Its members have extensive experience in choirs, ensembles, musical theatre, opera choruses, and as soloists. They sing both a cappella and accompanied choral works, as well as male choral music.

Their first concert in 2021 featured sea shanties and they have performed several since, including special appearances at Nautical Days and the Filberg Festival in the Comox Valley, the Maritime Heritage Centre in Campbell River, the Quadra Community Centre on Quadra Island, and most recently at Union Bay in July.

St. Mark's invites you to come and enjoy a lively, lighthearted afternoon with the Quarantones. For more information, visit the St. Mark's website or call the church office at 250-752-5414.
