Give on-line with Tith.ly

Before using Tithe.ly

It needs to be stated upfront that using the tithe.ly app
Has a fee for each transaction. (See Table)

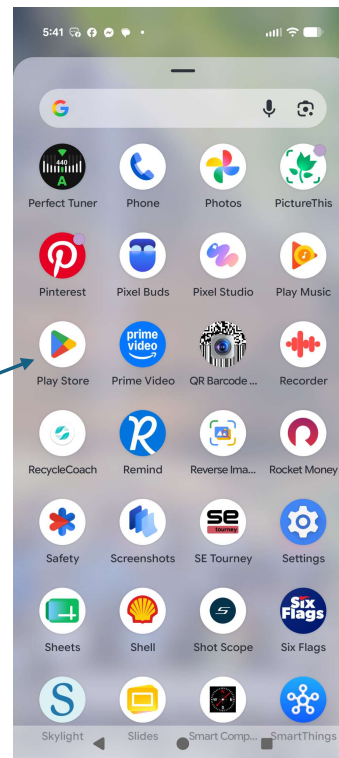

There are two options: If you give a gift of \$1,000.00 tithe.ly
Will charge your bank a 3% processing fee. This can be paid
In one of two ways. The 3% fee is \$28.59 in this case
Tithe.ly will ask do you want to pay it by adding to your gift for a total
Charge of \$1,028.59 or have it deducted from your gift so the gift
Is reduced by \$28.59. The money gift is split \$28.59 to tithe.ly and
\$971.41 would show on the church giving record. The church
Does not have any options on this policy and is part of the usage
Agreement. Overall this is why the use of tithe.ly is less expensive
Than our previous Clover web site.
