

A Note from the Pastor

Prayer of God's Providence

Let's Pray...

What a privilege it is that we live in a nation that still seeks counsel from the one true God, Jesus Christ.

The fact that we live in this great nation, the United States of America, is no coincidence. Whether we were born here, or we immigrated here because of our past circumstances, the providence of God is what blessed us with such a great nation.

It was no human coincidence that our founding fathers led us to freedom in 1776 by formally signing the Declaration of Independence, 250 years ago.

It was no human coincidence that Abraham Lincoln signed the Emancipation Proclamation in 1863 to further unite our country.

It was no human coincidence that everything else that has happened throughout United States history happened in the way that it did.

How do I know this? Because you, God, have your hand in everything that happens throughout human history.

God, you are the author of life.

The United States is perhaps the greatest country on this God given earth and has been for the last 250 years.

On January 20, 1961 JFK said, "And so, my fellow Americans: ask not what your country can do for you—ask what you can do for your country."

On June 20, 2026 I am saying this...

"And so my fellow Americans, Let us not worship the country that we live in. Rather, let us worship the God who created this country and who has allowed us to live in it."

Heavenly Father,

We thank you for the last 250 years of Freedom in this country.

We thank you for this country and all of its blessings.

We thank you for the leaders you have appointed.

We thank you for the citizens of this country.

We thank you for allowing us to live in this great nation.

Most importantly, we thank you for your divine sovereignty, and the fact that you delivered to us a Son, who suffered a death on the cross that counted as righteousness to all who would believe in His name.

Let us worship you as the One True God and nothing else.

In Jesus name I pray this, Amen.
