URGENT UPDATE: FINCA 51 FLOODING NEED

BRO. ALEX MELENDEZ - FINCA 51, PANAMA

August 16, 2026

Dear Brethren,

A few weeks ago, we shared with you an urgent need concerning the house in Finca 51, Panama, where Bro. Alex Melendez and those who travel with him stay while serving and preaching in the three churches in that area. Because of repeated flooding, the brethren are seeking to build an upstairs room where furniture and other valuable belongings can be moved and protected. The estimated need for the materials and construction remains \$5,000.

This weekend, heavy rains came again and the house flooded once more. The situation has shown again how urgent this project is. Until the upstairs room can be built, the brethren have no dependable place inside the house to protect important belongings when the water rises.

We are asking you to please continue praying that the Lord will provide what is needed to purchase the materials and begin this work as soon as possible. If the Lord leads you, your family, or your church to help financially, any amount toward this project would be sincerely appreciated. Our desire is simply to make this need known and trust the Lord to provide through His people as He sees fit.
