Assisting local churches in establishing on-campus Bible studies

Jaxson's Corner

Last summer I traveled on a missions trip sharing the gospel through drama. God opened up another amazing opportunity for me this summer to minister again through drama. I will be in Taylors, SC. helping in various roles and ways with their production locally. I am learning so much and getting to be around a group of great people. Pray that God will use me to be a witness and an encouragement to others.

Busy Brayden

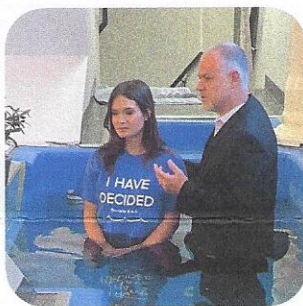

Hey, I got up one day and said, "Dad...take off my training wheels. I'm ready to ride!" My dad tried to hold the seat to help me but I told him I've got it. I took off and... I did not fall! My mom was so excited! I have been riding without training wheels ever since! Catch me if you can!

Two more Baptisms

It has been exciting to see students desiring to take their next step of obedience in baptism! We were privileged to see both of these students call on Jesus as their Savior through the CFC ministry and grow in their walk with Him. God is using both of them as a witness for Him.

The School Year in Review

As we met for our final leadership team meeting and reflected on all that God did this school year, we said this was the one of the greatest years ever for CFC both locally and nationally.

At ECU and Pitt, God allowed us to see **twenty students call on Jesus Christ to save them!** There were numerous baptisms that occurred. The majority of the weekly Bible studies had visitors that attended. Students served in various ways in CFC and our local church with excitement. Our leadership team was absolutely amazing in their surrender and service. So much discipleship occurred this year which produced tremendous spiritual growth in the team and the students. The weekly outreach tables and soul winning times were very fruitful in reaching new students. The CFC Campus House saw numerous students come through the doors and was utilized to impact many of their lives.

Nationally, God allowed us to see **six new ministries established** on campuses across the country! One of those new ministries hosted their own CFC retreat where Kyle spoke at. It is exciting to have five more ministries that have signed up to start a CFC on their campus in the upcoming school year.
