## 2026 Navajo Reservation Trip Report

We were on the Navajo reservations for six weeks and were blessed to have Kani Williams a young man from there and his brother give of their time to help us for three of those weeks. Then Adrienne St. Amour joined us for three weeks along with Clayton and Read Horton. All these young people worked hard to help us with the VBS each week.

**Pictured are three of the six places where we ministered.**

This is Ganado Baptist Church,  
Ganado, AZ . Pastor Mark Haynes

This is Mt. Calvary Baptist Church in Ramah, NM. Pastor Russell Aaron.

This is Mountain View Baptist Church, Lukachukai, AZ. Pastor Jason Herndon. His auditorium was too small so he set up a tent and we were able to use our stage for the program. Gotta be creative sometimes!

### Souls Saved to Your Account.

We are happy to report that during all of the meetings we had **276 visitors**. In total all of the finales had **866** in attendance. It was reported that **134** people were saved including the family pictured. After a service, while I was out setting up the carnival this family of five came to find me. I was told in short that they wanted me to show them how to go to Heaven. Of course, I was happy to stop setting up and took the time to lead them to the Lord. A few weeks later I had the grandma pictured here come up to me to share an answer to prayer for her. She was presently raising her granddaughter whom she had prayed to be saved since she was a baby. Monday night of VBS the little girl came forward and got saved. That night she was so excited she told her grandma, "Now I am gonna be in Heaven with you". The next morning, she got up just as excited and said, "I am saved now and can't wait to get to school to tell everyone." The grandma thanked us over and over for coming to give the gospel. You made that happen by supporting us monthly or giving us a one-time gift to help with this mission trip. These are two of many stories.

### **A Mission Field within Our Own Borders!**

When we do these trips, we do get to give the Gospel to many, but I believe we are also there to be an encouragement to the missionaries. They are wonderful people who are trying to help the Native Americans get saved and see their lives changed. In general, these folks are steeped in superstition and beliefs about spirits. Many also have addiction problems. It is a mission field within our United States. I would highly recommend anyone coming on this mission trip to see with amazement the poverty and needs of these precious folks. Some of the pastors we were with have been ministering there for over 20 years. They have seen fruit that remains but there is still much to be done. Praise the Lord for their efforts.

Here's a picture of us out with Champ. Like always folks came out to see the horse with a dog on his back. We were happy to help round up the visitors.

This is Bro. Wyatt Chafa who ran the money machine and a lady who brought visitors so she could get in it. It was a great promotion, and we found the adults enjoyed it as much as the children. Your gifts enabled us to have a very nice general store for them to spend the money they caught in the machine.

This time while we were there, we took note of these buildings throughout the reservation. They are unusually shaped for a home. It is called Hogan. It has six to eight sides. Originally, why it had this shape was supposedly so the bad spirits couldn't hide in the corner. The door is to face the East to welcome the rising sun and bring good health and fortune. The beliefs and traditions of the Navajo are interesting. Knowing more about them enables you to pray more for these good missionaries and the work they have been called to do.
