

We pray for the precious people of the United States of America to truly be free. To be free to preach the Everlasting Gospel of our Lord and Saviour Jesus Christ throughout the entire world!

Preaching at the Drug Rehab is always an interesting time. There is a sweet little light brown Chihuahua who follows me around, he loves me and I love him, HaJa (TexMex laugh). After every message there are questions to see who was listening. As the questions are given, the hands go up and the answers are normally right on the button. Also, something I had not seen, not even in a Bible College, the men line up to recite their memory verses and the only thing that I could liken the enthusiasm is the rush into a Walmart for the first Black Friday that there ever was.

Irma is a lady that lives near Victor and Bonifacia. Her husband disappeared 3 weeks ago. She has checked the hospitals and the morgues. His name is Apolinar. He just sold a piece of property and seems to have just left his wife and his life behind. Only the Lord knows.

Aurora Sanchez (mentioned earlier in the year) who lives outside the hospital and metro station by a pole was very sick. She desperately was seen by doctors but hospitals would not admit her without a care provider insurance plan. When I found her, there were flies landing all over her face and on the blankets that covered her. and I spoke briefly to her but she could not move due to utter exhaustion and sickness. We have spoken to her several times about her need of salvation in Christ and this time she was very weak and could not hold up her head and just laid down. I prayed for her with a prayer to receive Jesus Christ and I anointed her with oil. I do not know of her condition, at this time. She is perhaps to most just another nameless presence to many as she lays up against a pole in a very busy area. She is among the many thousands that live and exist on the streets that seemingly no one cares about. Perhaps I have unwittingly united my heart to many of these people that seem destitute but for whom our Precious Saviour Jesus Christ, died. Please mention her in your prayers. Our Heavenly Father has known her all her life.

We celebrated Holly's birthday recently. All is well and she enjoys great health. Recently when going through the inspections at the airport, the Mexican flag was next to the American flag in the same line at the airport and all other countries on the other line. Very odd indeed. In the past it has been Mexican on one line and the rest of the world on the other line. Now, Mexico and The United States of American are on the same line. Could this be another sign that perhaps shows that these two countries have in some way united in some way? Nation against nation and kingdom against kingdom?

We are preparing for our 20th Year Celebration of the Iglesia Bautista Monte Calvario. Your prayers and any extra gifts are appreciated as we will pull out all stops to see a grand time preaching the Gospel and sharing many memories. Our preacher will be Bro. Vicente Lopez. He came to church many years ago. We disciplined him and he left to preach the Gospel in the state of Chiapas. Vicente and Wendy have been in the state of Chiapas for 7 years. In Mexico City,

David and Holly Combe, Mark 11:22
