

Christ Church Cathedral Ottawa

Underground Parking

Visitor parking is available at The Vista on Sparks (new retirement residence immediately to the east of our Cathedral).

- Entry is off Queen Street, immediately east of our Cathedral, and all our parking is on **Level P1**.
- You **MUST** have the code to enter the parking garage and to re-enter and access the elevator (glass door across from the Cathedral's new east steps) upon return to your vehicle. The current code is **3578** (followed by either # or * as per the instructions).
- Enter the code, go down the ramp. There is a very sharp right hand turn down to P1, turn right at the bottom and right again. Drive straight forward to the end, where you will see the spots with the Cathedral logo (below). Park, and the elevator is directly opposite.
- Return to your vehicle via the elevator.
- When you drive out of the garage, the door will open automatically.
- If you enter the garage and there are no spots available, you will need to exit and find parking elsewhere.
- Happy parking!

Available at all times (10 spots):

Available evenings, weekends, stat holidays (15 spots):
