

What to bring to MSR

- Pack a dinner for the ride there on Friday and cash for lunch on the way home on Sunday
- 3-4 Changes of clothes (extra just in case you get wet or dirty)
- Appropriate clothing to be outside (jackets, gloves, hats, etc.)
- Tennis shoes/sturdy shoes
- Pajamas
- Sleeping bag or bedding
- Pillow
- Bible, journal, pen
- Toiletries (soap, shampoo, deodorant, toothbrush, toothpaste, etc.)
 - Seriously though... Body spray is not a replacement for actually cleaning yourself in the shower and wearing deodorant. Don't be the stinky one; no one will want to be your friend.
- Towel
- Laundry bag or trash bag for wet/dirty clothes
- \$ for snack shop/camp store and \$5 for airsoft (Optional)
- Snacks
- earplugs (in case someone in your cabin snores)
- Prescription medication needs to be brought in a clear plastic bag that is clearly labeled. Parents, if you trust your kids to maintain their prescriptions on their own, that's great; otherwise, hand them to me when the students are dropped off for the weekend. Either way, I need to be informed of what prescriptions your students should take.
- Cell Phones are permitted, but highly discouraged. If I or another leader feels the phone is a distraction or is being abused, I will take it away from the student until the weekend is over.

Do Not Bring

Tobacco or nicotine products, alcohol, drugs, fireworks, firearms, knives, expensive clothes/shoes, or other valuable items.
