

CHILDREN & FAMILY MINISTRIES 2026-2027

What's New This Year

We want our children and families to know they truly belong at Faith. Here's a quick look at our Sunday morning spaces and what to expect this year.

SUNDAY SCHOOL | Preschool–5th Grade

Sunday School begins **September 20!** Our kids will explore Bible stories, ask questions, build relationships, and grow together in faith. More than anything, we want Sunday School to be a place where every child knows they are **known, loved, and an important part of this church.**

PRAY-GROUND | Ages 4 & Under - *In the sanctuary, behind the organ*

A welcoming space for our youngest children (ages 4 and under) and their parents or caregivers to use together during worship, with age-appropriate toys and hands-on manipulatives to explore.

FAITH KIDS CORNER - *In the back corner of the sanctuary*

Children can find coloring materials and other resources to bring back to their seats during worship. We are adding some new options that give kids something to do with their hands while helping them stay engaged and connected to worship.

CALM ROOM - *Just outside sanctuary, with windows overlooking worship*

A peaceful space for children who need a break from the activity, sounds, or stimulation of the sanctuary. Simple calming tools and activities are available to help children reset before returning to worship—or families may stay as long as needed. Please help us keep this room a calm environment so it remains a helpful space for everyone who needs it.

FAMILY ROOM – *Formerly known as the Nursery*

Our former Nursery is now the **Family Room**, giving families with young children a little more room to move and wiggle while still participating in worship. The service will be livestreamed into the room.

****IMPORTANT NOTE FOR FAMILIES****

The **Pray-Ground, Calm Room, and Family Room are spaces for children and their grown-ups to use together.** Parents and caregivers should remain with and actively supervise their children while using these spaces. As we settle into these changes, we'll continue to see how the spaces are working for our families and make adjustments as needed.

We're glad you're here, and we're excited for another year of growing together at Faith!
