

On the morning of July 1st, 1916, soldiers from the Royal Newfoundland Regiment fought at the Battle of Beaumont-Hamel, France. On July 2nd, only 68 unwounded men answered roll call, 324 were dead or missing and 386 were wounded. It was a grim toll for the Dominion of Newfoundland, a day that would be forever etched in a people's memory as 'Memorial Day'.

presents
