

1 SAMUEL 19:1-10

Making it personal:

Guess what?!?! King Saul tried to kill David **AGAIN!** David came back to serve King Saul in his court. Then war came and David went to lead his troops against the Philistines. Remember who the giant Philistine was that David already killed? They are a constant enemy of Israel. David fought so hard and all the Philistines ran away. He came back to serve in King Saul's court and as he was playing his harp a bad spirit came upon King Saul. When this spirit came, King Saul tried to kill David by throwing his spear at David and David ran away into the night.

Taking Another Step:

David was a fierce warrior. He led many troops and they followed him everywhere.

What do you think made David this way?

Do you think David felt safe around King Saul?

Why do you think David kept going back to serve in King Saul's court? Was he crazy for doing that?

Sharing Time: King Saul went against his promise to his son Jonathan. How do you think Jonathan felt? How do you feel when someone breaks their promise to you? Always keep your promises!

Prayer Time: God thank you for keeping me safe all the time! I know you are always with me and will never leave me. Thank you for always keeping your promises to me! In Jesus name, Amen!
