

# THE WAY

**Acts 9:1-19**

**Read Acts 9:1-19 as a group. What stands out to you in this passage? What do you notice about the context and the characters? What do you see about God through this passage?**

**Look at Saul at the beginning of the passage and again at the end. What changes do you notice? What does his story show you about Jesus and the way He meets people?**

**Saul believed he was doing the right thing, yet his encounter with Jesus revealed how wrong he had been. What does Saul's experience show us about the difference between being confident in what we believe and being open to Jesus changing us?**

**Put yourself in Ananias's place. What thoughts or emotions might you have had when God asked you to go to Saul? What do you learn from the way Ananias honestly expresses his fear and then responds?**

**Ananias knew Saul by his reputation, but Jesus knew what Saul could become. Is there someone you have a hard time imagining Jesus reaching or changing? What makes it difficult for you to believe their story could be different?**

**Where is Jesus currently challenging, changing, healing, or reshaping something in you? Where might you be resisting that work?**

**Both Saul and Ananias are asked to respond to Jesus in this passage, although their next steps look very different. What might your next step with Jesus look like right now? What would it look like to actually take that step? How can the group pray for you as you do that? Take time to pray together as a group.**
