

AUSTIN FAMILY COLLEGIANS FOR CHRIST

Assisting local churches in establishing on-campus Bible studies

Jaxson's Corner

This summer was an amazing opportunity and experience. I was part of the cast in a Christian drama that shares the Gospel through story. One of my parts was a tree where I had to learn to walk on 3' stilts. To fall on those things would be a long way down. I was invited to go with the team to Branson, MO but after wrestling with God I felt led to come home to finish my college degree and serve with CFC.

Adios - Jaxson

Busy Brayden

Hey, I love helping my dad cut the grass at the CFC Campus House. I like driving the tractor. I really like going in circles but my dad doesn't. Says it makes him dizzy. I just think he is old! Cutting the grass makes the Campus House look good. The students really like it. Pray for me as school has started back!

Things to do! - Brayden

CFC at East Carolina University & Pitt Community College

The fall semester started out in an amazing way! At the first two Bible studies, we saw **over 20 first time visitors** and many returning students! God gave us a sweet spirit in each study with students excited to be back and ready to serve. There are a few students **who are not saved that are coming**. Please pray that they will see their need for Christ and call on Him! God has blessed us with an amazing leadership team and allowed us to add a student leadership team, an outreach table team, a serving team, and a welcoming team. This gives the leadership team many opportunities to disciple and develop leaders while providing the students many opportunities to serve. Outreach tables are being conducted weekly on campus to get the Gospel and info about the Bible study out to students. Please pray for the teams to grow and that students will be reached at these tables.

The CFC Campus House

The Campus House continues to be an amazing outreach to students. Because of its location on a busy sidewalk for students, we are able to **hold many outreach tables on the front lawn**. These tables allow us to share the Gospel, to interact with students, and get information into their hands about the CFC ministry and Campus House. Each week a book club and the CFC Bible Certificate class meets at the house. One student that got saved at the end of the spring semester and was very skeptical about coming to anything returned the first week. He is now coming to Bible study and taking the CFC Bible Certificate Class! God is doing a great work in his heart. Please pray for the Campus House that God will continue to use it to reach many students with the Gospel.

The CFC National Ministry

The CFC National Ministry is very busy helping current ministries through training and resources and also working with new ministry plants. God allowed us to see **Utah State University receive official approval** from the school at the beginning of the fall semester. Please pray for this ministry that many will come to true faith in Christ as they are in a deeply Mormon area. At the end of the spring semester both Georgia Southern and Georgia Tech received approval. Both ministries have kicked off the fall semester in an amazing way! Please pray that God will allow students to be reached and these ministries will grow.

Thank you for your prayers and support. We greatly appreciate what you do!
