TODAY'S TOPIC:
TRUE WORSHIPPERS

What does worshipping God look like? Did you know that is more than just singing or simply being at church? Worship is about submitting ourselves to God's will and professing our love for Him. God is looking for **true worshippers**, believers that worship in spirit and in truth. But what does that look like?

Worshipping God "in spirit" means with reverence, attentiveness, and having the right attitude of honoring God. Worshipping God in truth means that it must be done according to the way God has specified in the Bible.

True worshippers show adoration for an audience of One. They don't bow down or lift their hands to be seen by others. They don't sing to be heard by humans. They exalt God alone, for His pleasure only, because He alone is worthy.

Find the hidden pictures above in the puzzle.

God created us for the main purpose of worshipping Him. There is a reason that the book of Psalms, a book dedicated to praise and worship of God, is the longest book in the Bible.
