Why has God taken away the food from our home? Why did He give us a child with this many health issues? Why has the Lord made our circumstances such that we haven't been able to pay our rent in months? These are a few of the questions we hear while ministering to people whose minds are weary and hearts are torn. The answers are often beyond our understanding, and there's nothing wrong in asking God, provided we accept the reality that it may never be understood.

Despite the circumstances, the fact remains: He is worthy. Churches allow a place for hope and healing. They're a place to experience the overwhelming love of our Savior. Every brick, piece of wood, wire, and pipe brings us one step closer to having another oasis in a literal desert. God may never give us the words to answer life's most difficult questions, but He's letting us build places where the hurting can find the peace, grace, and mercy we all so desperately long for.

Church Plants | Summer School Outreaches

During the summer break, the churches in New Cairo and East Cairo hosted something similar to Vacation Bible School. More than 400 young people took part in weekly events. Several young men and women made professions of faith in Christ. Others made it clear they want to submit their lives to serving Jesus and attend the *Baptist Bible College* after graduating high school.

Seeing a generation that didn't exist when we arrived in Egypt now serving the Savior exceeds anything we ever imagined possible. Help us pray for more open doors so that others may hear of the Gospel in the decades that follow.

Praise Reports & Prayer Requests

- Thank you to everyone who has given to the Back-to-School Outreach! Pray the Lord uses this simple act to change lives for eternity.
- The *Baptist Bible College* will see its seventh freshman class start next month. The number of applications we received to attend was overwhelming.
- Pray for continued grace in the eyes of those around us who can alter the direction and future of so many lives.

Your friends and God's servants,
Wes & Rachel Gazaway
