October 2026 Newsletter **The 41st Anniversary of** **Calvary Baptist Church**

Dear Friends,

When I first visited Calvary Baptist Church on Grand Cayman, it was a new church plant. They didn't have a church building at the time; they met on Sundays at a local facility that wasn't theirs, so they set up chairs before each service and took everything down afterward, which required a lot of work.

What they did have was 1) Missionary Bob Vradenburgh, my brother-in-law, who was God-called and God-led in the ministry he was doing on Grand Cayman. Bob had a vision for the kind of church he wanted to start. 2) A group of believers who were growing in the Lord. There is something exciting about a new church plant as the membership is excited about what God is doing.

Over time, God miraculously provided land and funds to build a beautiful church facility as well as a body of believers who were discipled and growing in the knowledge of God's Word and their relationship with the Lord.

This summer I was invited back to Grand Cayman to speak at Calvary Baptist Church for their 41st Anniversary celebration. It was a blessing to be back and see what God has done over four decades. We had a wonderful day of celebration.

God used a young Vradenburgh family to plant a new church on the island of Grand Cayman.

Pastor Michael Jeremiah and his wife Karla. God has used Pastor Jeremiah to continue to lead this thriving church.
