

Pastor Michael Jeremiah has served as pastor of Calvary Baptist on Grand Cayman for several years. Pastor Jeremiah is from the Caribbean; he, along with his wife Karla, are ministering in a great way at the church.

Calvary Baptist Church is not only a beacon of light on Grand Cayman; it also has a global missionary outreach through missionaries around the world whom it financially supports.

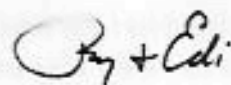

They also have a Christian school that provides academic education to primary and secondary students and impacts them with the Word of God.

Bob Vradenburgh is no longer on Grand Cayman. He has pastored in Raleigh, North Carolina for many years. His experience as a missionary in the Caribbean has been used of the Lord to have a successful global missionary program at Friendship Baptist Church in Raleigh.

Our goal at Global Faith Mission Agency is to continue this biblical pattern of church planting. New church plants become mature church plants that themselves become reproductive. It is exciting to serve with a host of missionaries who are impacting nations around the world in evangelism, discipleship, and church planting.

Thank you for partnering with us in this ongoing task of church planting around the world.

Sincerely,

Roy and Edi Seals

This beautiful church facility was built under the direction of Bob Vradencurgh when he was still ministering on Grand Cayman.

After the worship service, the church enjoyed a great time of food and fellowship. Calvary Baptist Church continues to preach God's Word locally and around the world.
