Pastor Matt Wallis

ANTHEM:

"*Yes, My Jesus Loves Me"* (Warner/McDonald)

Jesus loves me! This I know, for the Bible tells me so.
Little ones to Him belong: they are weak but He is strong. Yes, my Jesus loves me.

Jesus loves me! He who died heaven's gates to open wide.
He will wash away my sin, let His little child come in. Yes, my Jesus loves me.

Jesus loves me! Loves me still, tho' I'm very weak and ill.
From His shining throne on high, comes to watch me where I lie. Yes, my Jesus loves me.

Yes, Jesus loves me. Yes, Jesus loves me! The Bible, the Bible, the Bible tells me so.

Jesus loves me. He will stay close beside me all the way.
If I love Him, when I die He will take me home on high.
Yes, Jesus, yes, my Jesus, yes, my Jesus loves me. Yes, my Jesus loves me.

Pastor Appreciation Month

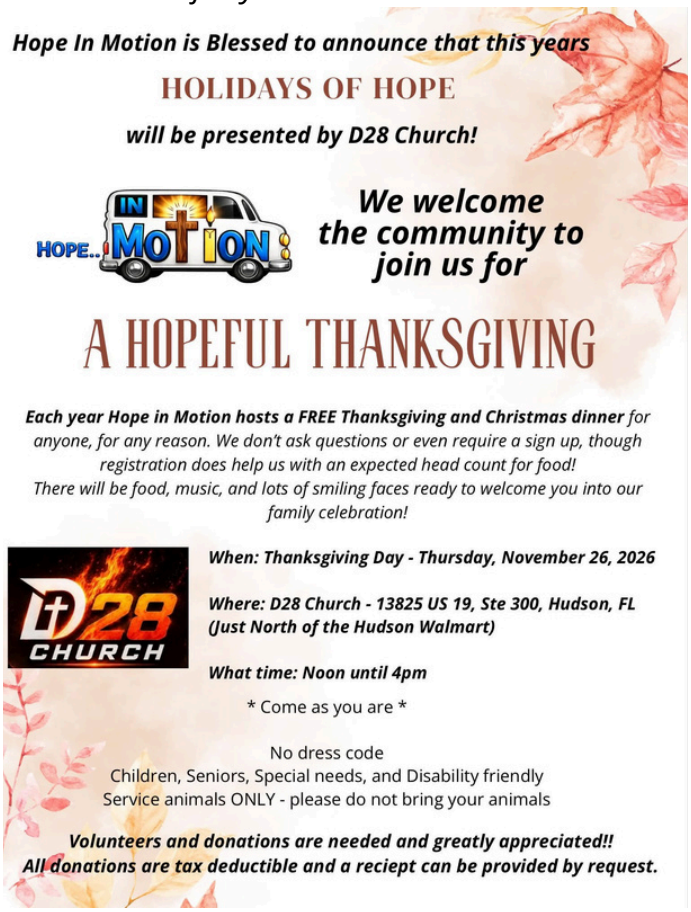

Join Staff Parish Relations in showing appreciation to our pastor!

We are grateful for our pastor's faithful leadership, heartfelt prayers, and dedicated service to our church family and community. October is Pastor Appreciation Month which gives us an opportunity to express our love and appreciation for the encouragement, wisdom, and continued care shared throughout the year.

Please share your appreciation through a card, note of encouragement, or other expression of gratitude. Let us be unified and celebrate the blessing of Pastor Matt's faithful pastoral leadership.

"We appreciate you, Pastor, and thank God for your service!"

HEALTH INFORMATION OVERLOAD

There is so much information available today it is hard to know what is true, especially when we are reading about health information and need a trusted source. When one gets on the internet for questions there are many good sites but there are also as many questionable sites. There are a few tips provided here to help.

Look for websites of well-known health institutions, look for ".edu", ".gov", or ".org" in the web address, find out who wrote the content and their affiliation in the health field, some things and editorial policy that will explain how it is created.

Check to see if it is a professional journal that is reliable and scientific studies to back it up. Be sure the information is recent. The information should be no more than 2 or 3 years old. Beware of chat rooms, they are not regulated, many are not expecting and many are selling something, be sure to check multiple websites.

Here are some websites for some health information:

- *Heart.org -- www.heart.org/en. Information on heart disease and ways to prevent disease. From the American Heart Association.*
- *Diabetes.org -- www.diabetes.org. Information on diabetes and ways to prevent, manage, and treat the disease. From the American Diabetes Association.*
- *Familydoctor.org -- familydoctor.org. General health information for families. Produced by the American Academy of Family Physicians.*
- *HealthyChildren.org -- www.healthychildren.org/English/Pages/default.aspx. From the American Academy of Pediatrics.*
- *CDC -- www.cdc.gov. Health information for all ages. From the Centers for Disease Control and Prevention.*
- *NIHSeniorHealth.gov -- www.nia.nih.gov/health. Health information for older adults. From the National Institutes of Health.*

Remember to be careful with personal information, quick fix cures, personal stories are not scientific, and always check with your Physician for any questions, treatments or information.

1Corinthians 10:31 – So whatever you eat or drink, or whatever you do, do all to the glory of GOD.
