

1 Samuel 29 & 31

3

Making it personal:

Remember who David was living with while he was running from Saul? In Chapter 29, the Philistines are on the move to attack Israel. The army was leaving the town in groups of hundreds and thousands. The scripture tells us that David had been living with them for years and was heading to battle too. The Philistine commanders were worried that David would turn on them and fight with the Israelites so King Achish made David go back. Let's see what happens in the heat of the battle of Philistines and Israelites...

Taking Another Step:

Saul, his three sons, armor bearer, and army all die on this day like God said would happen. This was all because Saul didn't listen to God. Do your decisions effect just you or more than you?

Saul's head is cut off in verse 9. They took his armor and pinned his body to a wall in a building. Thoughts?

Read 1 Samuel 31:2-3. Jonathan and his brothers are dead and Saul is wounded. Read verse 4. Saul wanted his armor bearer to kill him, but instead killed himself. He went from a King to a disgrace. What can we learn from King Saul?

Sharing Time: Saul was chosen as the first king of Israel and at the end of his life he was the farthest from God he could be. Saul chose to leave God and follow himself. Where did Saul go wrong?

Prayer Time: God let me never abandon Your ways and Your commands. Let me learn from King Saul's life and know that my decisions effect others. In Jesus name, Amen!
