MISSIONARIES TO THE PHILIPPINES

August-October 2026

Dear Prayer Partners,

It is hard to believe that it is near the end of the year and the end of our furlough. In the last 3 months God has done amazing things in our hearts, we have been refreshed, revive, encouraged and challenged to do greater things for God, which makes us excited to get back to the ministry work in the Philippines.

In the past three months we have been to 27 churches in 11 States. We experienced sicknesses, car problems and life challenges while travelling but it is amazing that God's hand is always there. He always provides, protects and directs us.Thank you for your prayers during this busy time of our travels. Please continue to pray for us as we finish our furlough with 12 more churches to visit. We will be flying back to Philippines on November 30th.

One thing that we have been praying for this year is a bigger place to rent for the church plant in the Philippines. Currently we are at the capacity in our 500 sqft area. It has been a challenge to find something bigger as everything is small and concentrated in the city. Last week we found a 2,800 sqft second floor building that has just become available. It is only 3 minutes away from where we the church plant is right now. I had church members visit, and it is perfect for what we need. God's timing is perfect because we will be able to sign papers for the lease when we are back in the Philippines in the 1st week of December. With the new move comes new expenses. We will need a bigger sound system, 100 more chairs, partition walls for children's ministry, etc. and the list goes on. We ask to please pray for God's provisions for these needs. We will start renovating once we arrive back in December, and we plan to have our first service in the new place on the 1st Sunday of January.

Another need we are praying and saving for is a church van to use to pick up children for bus routes to bring to church, as well as for other ministry outreaches. This would be a huge blessing to the ministry. If the Lord leads you to help with the needs of church renovation and church van, please send it to our mission board, or if you have any questions, feel free to email me. We know that God will provide and we are excited on how the Lord will continue to bless His work in the Philippines.

When we arrive back in the Philippines we will be having our second missions conference on the second Sunday of December. Please pray for this. We will be having a couple of missionaries to present their burden and God's calling in their lives, and we are praying that the church will continue to step up in their faith in God and will commit to support the missionaries that we will host.

Thank you so much for your faithfulness to God and your heart for Missions. Your faithfulness in praying for us and financial support helps us to do what God calls us to do. We know that God will continue to reward your faithfulness to Him.

In Christ,
Catalan Family
