Samaritan's Purse Operation Christmas Child Annual Shoebox Drive

MBC is once again collecting shoeboxes for Operation Christmas Child.
We are collecting through November 15.

The Samaritan's Purse project Operation Christmas Child collects shoebox gifts filled with fun toys, school supplies and personal care items—and delivers them to children in need around the world to demonstrate God's love in a tangible way. For many of these children, the gift filled shoebox is the first gift they have ever received.

Since 1993, Operation Christmas Child, the world's largest Christmas project of its kind, has collected and delivered more than 244 million shoebox gifts to children in more than 175 countries and territories.

In 2025, Samaritan's Purse collected 12.2 million shoebox gifts globally.

MBC donated 2,026 shoeboxes last year!!

1 Pet 4:10: Each of you should use whatever gift you have recieved to serve others, as faithful stewards of Gods' grace in its various forms.

Pastors's Update

Looking Forward as We Grow!

Many of you have been praying for the Elder and Deacon Boards for the last couple of months. A month ago, the boards met together to discuss what to do to accommodate our growth. Two subcommittees were formed to investigate the feasibility of building an addition, buying and refurbishing an existing building in town, or buying land to eventually build new.

The boards met again Monday night to discuss the findings. After much discussion the conclusion reached is that we should purchase land and build new. It was determined that the cost of building an addition plus remodeling parts of the current building could approach the cost of a new building and still leave us with parking limitations and no possibility of further expansion in the future. We would also have a low probability of recovering a significant amount of the cost and still have the zoning limitation for a new electronic sign. It was also determined that none of the few existing properties in town would be feasible to remodel for our needs or economically wise.

One subcommittee found available land in a very good location and that could be available at a reasonable price. It could quadruple our current lot size, and we could buy it cash right away. In addition, it is a relatively low-risk step because the land could be resold if we changed our plans. It was concluded that this is the best route pending any unforeseen roadblocks. More information will be coming as we continue to explore this option and how the Lord might be leading. A congregational vote is required before any land can be purchased. Keep praying!
