United Church
Collingwood, Ontario

VISION + CORE VALUES

As an Affirming congregation of the United Church of Canada, we seek to be an inclusive and safe community, nurturing spiritual growth, responding to community and world needs, where everyone feels at home and no one feels alone.

We are all invited guests of God.

Belonging: We strive

- to be a safe, caring and nurturing community of faith where everyone can feel they belong
- to celebrate diversity and equality of people of every race, age, ethnic and cultural origin, religious affiliation, social and economic circumstances, physical and mental abilities, sexual orientation, gender identity, or family configuration
- to respect our differences and be open to new ideas rather than fear them
- to be a church family that loves, serves and encourages one another every day.

Spiritual Growth: We support and encourage

- spiritual growth and faith development for all ages and at all stages of our faith journey, informed by the stories of Jesus
- full participation by everyone, in every aspect of church life, including membership, leadership and celebrating life passages

Outreach: We endeavour

- to respond to community needs by sharing resources, facilities and energy
- to build relationships of love and service with others
