“He Must Return” Lesson 4 Outline
Selected Scriptures
15 November 2026

Now under the topic heading of God’s programs, we’ve begun seeing that the _____ demands Christ return.

Nothing further can happen for Israel until the church age is consummated.

God’s pattern is very simple. He takes out a church; when He’s done with that, He comes back and works with Israel; and then He sets up His kingdom, and the Gentile nations come to the throne.

1 **The church age ends when Christ comes down into the sky, and He turns off gravity for Christians, and *whish*, away we go; collected in the sky with Christ.**

The first aspect of a marriage at this time was the _____ _____.

There had to be a price paid [dowry]. And when Jesus Christ died on the cross, He made legal payment for our marriage to Him.

Second, there was a betrothal. A ceremony where the bride and the bridegroom got together in the presence of witnesses and got a lot of gifts.

God gave us, through His Son, the gifts of the Spirit.

Finally, the wedding came with a great feast. And one day we will be at the Marriage Supper of the Lamb.

So, we say that Jesus must return for us because the program of the church demands it. There's got to be a _____.

And this may be coming pretty fast.

Two things that dominate the church today, they are apostates and people who are being run around by demons – apostasy, liberalism, all the garbage that's pumped out in the name of Christ; these are signs of the end.

Next the program for the _____ demands the return of Jesus.

In the Prophecy of Joel 3 there is to be a gathering of all the nations for war at the time of the end.

In Matthew 25 Jesus _____ this prophecy.

The nations [peoples] that have responded to Messiah will enter the kingdom; the nations that have not will be sent out into everlasting punishment. Jesus is the Judge.

Sixth on our list, the program for _____ demands it.
